THERMAL & LOW HEAT VALUE COAL RELOCATION SERVICES

1. Is fuel to be supplied by the contractor or the client.

Reply : To be arranged by contractor.

2. When would be the anticipated start date.

Reply : Start date will be as early as possible.

3. Can we presume that the volumes set out in the document will be averaged out on a monthly basis e.g 2.3MTPA = 191,666 Tons per Month +/- 20% variance allowed for.

Reply : It may be presumed like that.

4. Are you able to confirm the S.G of the Rejects Coal.

Reply: S.G of reject is 1.7 and above.

5. On page 69 the document refers to the relocation of "oversized" coal can you please confirm if this oversize is to be collected from the mining pit or elsewhere on the mine. If it is to be collected from the mining pit will it be loaded by the mining contractors equipment or do we need to allow to load it.

Reply: This oversized coal is to be collected from the CHPP area only, near Sizer/ Tertiary Crusher
